Call for Participation

We invite you to join us in Zurich, Switzerland on November 21–22, 2020 for 9th International Conference on Natural Language Processing (NLP 2020)

The conference is a programmed approach to analyze text that is based on both a set of theories and a set of technologies. This forum aims to bring together researchers who have designed and build software that will analyze, understand, and generate languages that humans use naturally to address computers.

Highlights of NLP 2020 include:

- 7th International Conference on Artificial Intelligence & Applications (ARIA 2020)
- 11th International conference on Database Management Systems (DMS 2020)
- 9th International Conference on Information Technology Convergence and Services (ITCS 2020)
